

THE TOUCHING HEART IMPACT

HOW COMPASSION SHAPES TOMORROW'S LEADERS

The journeys of Touching Heart alumni and the
impact of growing up with heart.

Since 2009, thousands of young people have discovered that compassion isn't just something you feel. It's something you do.

Through service projects, leadership opportunities, and hands-on experiences, Touching Heart has helped children discover confidence, purpose, and the joy of making a difference.

These are just a few of their stories.

Each page begins with a child who chose to make a difference...

...and ends with the adult they're becoming.

While every journey is unique, the lessons learned through serving others continue long after the projects are over.

This is the Touching Heart Impact.
